

CHROMEBOOK INSURANCE OPTIONS

As part of the South Central Community School Corporation ongoing initiative to ensure that all students have access to the tools necessary to succeed in the 21st century, students in grades K-12 will be taking home their assigned Chromebooks on a regular basis. As students travel throughout the day, there is a risk that Chromebooks could get lost, damaged or broken either on school property or at home. The damage or loss will be the financial responsibility of the parents, guardians or user.

South Central Community School Corporation **does not** offer an insurance policy, however, **purchasing insurance is optional**. We recommend contacting your insurance company and/or other third party insurers to inquire about the policies they offer.

There are cost-effective insurance companies that work with many school districts and have plans specifically for Chromebooks. These are a few third-party insurance vendors:*

Worth Ave Group https://www.worthavegroup.com/product/	SquareTrade https://www.squaretrade.com/laptop-warranty	Securranty https://www.securranty.com/education/Home
GoCare https://gocaregroup.com/k-12	School Device Coverage https://schooldevicecoverage.com/	

*SCCSC does not receive payments or incentives for recommending any of the above insurers or any other companies, which are third-party insurance companies separate from SCCSC.
