Indiana Department of Education Grade A School

Q & A for Commencement for the Class of 2020

Question: When is graduation? What time? And where will it be held?

Answer: Graduation is set for Sunday, July 19th at 6:30pm at our football / track stadium. It is later in the evening due to potential heat index issues in mid-July.

Question: What if there is inclement weather?

Answer: Since graduation is outdoors, if there is inclement weather, it will be moved to Monday, July 20th @ 7:30pm.

Question: Who is graduation open to?

Answer: At this time, based on the Governor's "stages" for reopening the state and large gatherings being acceptable, graduation will be open to all graduates' family and friends. Should the Governor's timeline and stages get moved back, we may be forced to consider making graduation a ticketed event and only allow a certain number of attendees per graduate.

Question: When is graduation practice?

Answer: Graduation practice will be held on Wednesday, July 15th from 10:00 - 2:00pm. Graduation practice is mandatory. We will take cap and gown pictures, have our senior cookout, and then walk through ceremony procedures.

Question: Will graduation be live streamed?

Answer: Yes, LaPorte High School's television class, which is a part of the LP County CTE programming, will livestream our graduation.
