

In addition to the provisions of the South Central Responsible Use Policy, the following items apply to students participating in the 1:1 Chromebook program:

- Students can take Chromebooks home and will bring them to school each day with the battery charged.
- Students will transport and use their Chromebooks in the school-issued carrying work-in case. When not in use, they will store them in a safe location.
- Students will keep their Chromebooks clean and free from debris that might deface or damage the finish, screen, or other components.
- Students will use their Chromebooks for school-related purposes during school hours. All Chromebooks are monitored and the web content is filtered at all times.
- Students will immediately report all malfunctions, damage, or theft/loss of a Chromebook to a teacher or the technology department.
- No attempts shall be made to modify, reconfigure, or repair the Chromebook. Repairs are to be done only by technology department staff.
- Students who withdraw from the school must promptly return the Chromebook along with any school-issued accessories. Any fees collected as part of the program will not be refunded.

Chromebook Repairs & Fees

- Students will receive one accidental damage repair at no cost for the possession of the device (up to four years). After the one no-cost repair, students/parents/guardians will be financially accountable for any subsequent repair fees associated with the table below.
- Chromebooks that are misused, vandalized, and intentionally or repeatedly damaged will not have repairs covered by the school. Students/parents/guardians will be financially accountable for the repair fees associated with the table below.

HP 11 G9 EE Chromebook Replacement	\$265.00	Touchscreen LCD Display	\$40.00
Motherboard	\$50.00	Daughterboard	\$20.00
